

MUNICIPALITY

470TM

TELESCOPING BOOM EXCAVATOR

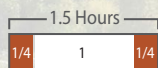

Optional equipment shown and subject to change

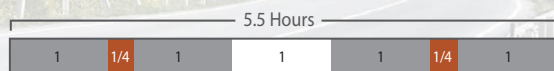

Get a one-hour job done in 1/4 the time.

**Time to finish a one-hour ditching
job 10 miles from the shop:**

BADGER 470TM

WHEELED EXCAVATOR

Load/Unload
 Drive
 Work

A rig designed for municipalities that need to do more with less.

Our new highway-speed 470TM Telescoping Boom Excavator delivers the mobility, versatility and efficiency today's municipalities demand.

Compared to a wheeled excavator, the 470TM can cut work time and man hours by more than 75%.

- It can be driven to the job site at highway speed by a single operator, eliminating the need for a team to load, transport and unload it from a trailer.
- It parks easily at roadside, and can be up and running in minutes.
- Its precise control and sensitive feel lets operators make quick work of digging and loading.
- It performs effortlessly in tight spaces and won't impede traffic.

470TM

TELESCOPING BOOM EXCAVATOR

THE RIGHT TOOL FOR THE JOB

With the 470TM, you can:

- **Be more efficient.** Drive 60 mph to a freeway job site or shift into 4x4 mode to reach off-road locations.
- **Reach farther and higher.** With a working radius of more than 30 feet you can build, finely grade and maintain slopes while parked alongside the road.
- **Navigate tight spaces.** The unit's low profile lets you work under bridges and in other areas where overhead space is limited.
- **Drive and dig in comfort.** The acoustically lined, all-weather upper cab features cloth covered adjustable seats, safety glass windows and electronic joysticks mounted in each armrest.
- **Get right to work.** Programmable joysticks allow the operator to easily control the excavator using SAE, ISO or Gradall® control patterns.
- **Meet the latest EPA tiered engine requirements.**
The Cummins® diesel engine complies with the newly established U.S. Environmental Protection Agency (EPA) air emissions standards.

OUR PRODUCTS

Since 1945, Badger Equipment Company has built thousands of units for the railroad, construction, utility, municipal, mining and manufacturing industries. Customers know us by these brand names:

- **Badger Equipment** - Excavators and cranes
- **Little Giant** - Railroad equipment
- **CF Lifters** - Lifting devices

Across all our divisions, we help our customers succeed by building products that meet their ever-changing needs.

OUR PROMISE

When customers choose Badger Equipment, they can be sure of this: we're small enough to pay attention and expert enough to provide value. We listen. We deliver the right tool for the job. And we stand behind what we build.
