The diagram illustrates the components of a crane structure. The main structure is composed of a vertical mast (1) with a cabin (3) and a rear jib (4). A hoist winch (5) is attached to the jib. The mast is supported by a base (9-10) and has several sections (2, 6, 7, 8). A separate section (14) is shown to the left, and a detail of the base (11-12-13) is shown at the bottom left.
